§ 1. (a) The carrier or party in possession of any of the property herein described shall be liable as at common law for any loss thereof or damage thereto, except as hereinafter provided.

(b) No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the act of God, the public enemy, the authority of law, or the act or default of the shipper or owner, or for natural shrinkage. Except in case of negligence of the carrier or party in possession (and the burden to prove freedom from such negligence shall be on the carrier or party in possession), the carrier shall not be liable for loss, damage, or delay occurring while the property is stopped and held in transit upon the request of the shipper, or resulting from a defect or vice in the property.

§ 2. (a) No carrier is bound to transport said property in time for any particular market or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination.

(b) In all cases not prohibited by law, where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value plus freight charges if paid shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.

§ 3. (a) As a condition precedent to recovery, claims must be filed in writing with a participating carrier within nine months after delivery of the property or in the case of failure to make delivery within 9 months after a reasonable time for delivery has elapsed.

(b) Suits shall be instituted against any carrier only within two years and one day from the day when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier hereunder shall be liable, and such claims will not be paid.

(c) Any carrier or party liable on account of loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance. Provided, That the carrier reimburse the claimant for the premium paid thereon.

§ 4. (a) Property not accepted by the consignee, after notice of the arrival of the property at destination has been duly sent or given, may be kept subject to the tariff charge for storage and to carrier's responsibility as warehouseman, only, or at the option of the carrier, may be stored in a public or licensed warehouse at the cost of the owner, and there held without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage.

(b) Where nonperishable property is refused at destination by the consignee or where the consignee fails to receive it within 15 days after notice of arrival shall have been duly sent or given, the carrier may sell same at public auction to the highest bidder, at such place as may be designated by the carrier.

(c) Where perishable property which has been transported to destination and the consignee or party entitled to receive it has failed to receive it promptly, the carrier may, in its discretion, to prevent deterioration, sell the same to the best advantage at private or public sale.

(d) Where the procedure provided for in the two paragraphs last preceding is not possible, it is agreed that nothing contained in said paragraphs shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law.

(e) The proceeds of any sale made under this section shall be applied by the carrier to the payment of freight, demurrage, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of the same requires special expense, and should there be a balance it shall be paid to the owner of the property sold hereunder.

§ 5. No carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classifications or tariffs unless a special agreement to do so and a stipulated value of the articles are indorsed hereon.

§ 6. Every party, whether principal or agent, shipping explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.

§ 7. (a) The consignor or consignee shall pay the freight and all other lawful charges accruing on said property. The consignor shall be liable for the freight and all other lawful charges unless the consignor stipulates, by signature, in the place provided for that purpose on the face of the bill of lading the carrier shall not make delivery without requiring payment of such charges and the carrier, contrary to such stipulation, shall make delivery without requiring such payment.

(b) Consignee becomes liable for freight charges upon receipt unless the consignee is an agent only and has no beneficial title in said property; and prior to delivery has notified the delivering carrier of these facts.

(c) Nothing herein shall limit the right of the carrier to require at time of shipment the prepayment or guarantee of the charges. If upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped.

§ 8. If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election of common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading.

§ 9. (a) All surface transportation provided under this bill shall be subject to federal statute and common law otherwise applicable to regulate interstate shipments. U.S. statutes and regulations shall apply unless otherwise waived by signed written agreement.

(b) If all or any part of said property is carried by water, and the loss is carried by water and loss, damage, or injury to said property occurs while it is in the custody of the carrier by water, the liability of such carrier shall be determined by the applicable bill of lading and under laws and regulations applicable to transportation by water.

Authorized officials are Carrier personnel with the title of Vice President or higher. Terminal managers are not authorized personnel. Drivers employed or hired by Carrier are among those excluded from the category of authorized carrier personnel. Where a Bill of Lading issued by the shipper is signed for by the Carrier's driver or other unauthorized person(s), that signature acknowledges only receipt of the freight and identifies the entity to which to deliver. It is NOT a contract for the carriage of freight. Continued use of an unauthorized Bill of Lading by the shipper will NOT constitute an implied acceptance by Carrier. Carrier drivers are not authorized to accept freight for which Section 7 is executed or to bind the company for other types of nonrecourse language.

---

**ITEM 110**                    **BROKERAGE AUTHORITY**

In the event that the broker is listed on the bill of lading as the carrier, this is for convenience only and is not intended to indicate that the broker is the carrier.

This includes packing freight in containers or dry ice or any other attempt to transform non refrigerated service into temperature controlled service.

---

### **ITEM 215**

#### **CONVENIENCE INTERLINING**

In order to provide the most efficient, economical service to the shipping public, Carrier will utilize the service of the other named carriers participating in this tariff to achieve the transportation service required for tendered shipment, EXCEPT if bills of lading covering tendered shipments are noted by shippers that "convenience interlining not applicable", convenience interlining will not be utilized. Interchange of freight of service will be at points common to the authorized service of Carrier. Limitation of Carrier's Liability for Proper Customs Clearance. Carrier assumes no responsibility for insuring or otherwise providing for clearance of merchandise through or inspection by Canadian or Mexican Customs. Carrier does not represent and specifically disclaims any knowledge or expertise in proper customs clearance and inspection matters. Carrier is not responsible for the acts or omission of any Customs Agent or its affiliated Freight Forwarder that may be selected for the purpose of clearing shipper's merchandise through Customs. Carrier will serve merely as a liaison between shipper and the Customs Agent (and the Customs Agent's Freight Forwarder) at shipper's request and only as a convenience to shipper. Carrier or party in possession shall not be liable for loss, damage, deterioration of the freight or delay in delivery due to the duration of the period required by customs clearance or inspection.

---

**ITEM 235****IMPRACTICAL OPERATIONS**

Nothing in this rule circular shall require the carrier to perform pick-up or delivery service at any location from or to which it is impracticable, through no fault or neglect of the carrier to operate vehicles because of:

- (A) The condition of roads, streets, driveways, or alleys;
  - (B) Inadequate loading or unloading facilities; or

**ITEM 250****ON-HAND SHIPMENTS**

From time to time and for various reasons, freight may be deemed to be "on-hand." Freight will be deemed on-hand with or without notice. When freight is "on-hand" the legal liability of Carrier is altered from that of a motor carrier to that of a warehouseman pursuant to the Uniform Commercial Code. The procedures which Carrier agrees to and will take as a warehouseman involve the use of ordinary care to keep the lading in a safe or

suitable place or to store the lading properly. Carrier shall (a) place the lading in public storage, if available, unless Carrier receives contrary disposition instructions from Shipper within twenty-four (24) hours, and (b) if disposition instructions are not given by Shipper within ten (10) days of Carrier's initial notification to Shipper, Carrier may offer the lading for public sale. In the case of perishable lading, Carrier may dispose of the lading at a time and in a manner Carrier deems appropriate. Shipper will be responsible for storage costs and reasonable costs Carrier incurs in acting as a warehouseman. To the extent any sale or disposal revenues exceed the storage costs and the costs Carrier incurs as a warehouseman, Carrier shall remit the balance to Shipper. If Shipper gives Carrier timely disposition instructions, Carrier shall use any commercially reasonable steps to abide with such instructions. Shipper will pay Carrier's costs and any additional transportation costs Carrier incurs in doing so.

---

**ITEM 260****PACKAGING REQUIREMENTS**

---

**ITEM 262****PACKING OR PACKAGING, BLOCKING, RACKS, STANDARDS OR SUPPORTS**

Any temporary blocking, flooring or lining, racks, pallets, standards, stakes or similar bracing, dunnage or support or other commonly used items not constituting a part of the truck when required to protect and make freight secure for shipment, will be furnished and installed at the expense of the shipper unless Carrier has agreed to supply said equipment free of charge. The weight of this equipment shall be considered part of the shipment.

---

Carrier reserves the right to open/inspect any freight which has been accepted for shipment, including loads that have been sealed.

---

**ITEM 273****SERVICE STANDARDS**

Unless Guaranteed Service is requested and agreed to by an authorized agent of Carrier (See Item 105), freight shall be delivered upon reasonable dispatch. Appointment times and notations such as "must deliver by" on the bill of lading are insufficient to alter the reasonable dispatch standard unless Guaranteed Service is requested and agreed to. To request Guaranteed Service and for terms and conditions, call Carrier Pricing Department at \_\_\_\_\_.

---

**ITEM 275****SHIPPER LOAD & COUNT**

All shipments shall be loaded by the consignor and unloaded by the consignee. Carrier's drivers are instructed to sign bills of lading as shipper load and count or "SLC". Inadvertent omission of this notation shall not result in a presumption of carrier liability for shortage or damage (in the absence of upset or accident) where the driver was either not present or not allowed to observe the loading and unloading.

---

**ITEM 280****SUBSTITUTED SERVICE**

For its operating convenience, carrier reserves a right to hire other carriers qualified subcontractors to provide all or part of given movements. Carrier agrees to protect the rates set forth herein when substituted services are provided and warrants that all terms, conditions, duties and obligations owed to shipper by this circular, bill of lading, and/or contract will be provided.

---

**ITEM 285****TERRITORIAL SCOPE**

---

**ITEM 290****WEIGHTS**

1. Minimum weights shown herein apply to each vehicle used.
2. Maximum weight per vehicle shall be 45,500 lbs.
3. Weights include pallets or other shipping materials.

## SECTION 3 – RATES AND ASSESSORIAL CHARGES

### ITEM 300 ADDITIONAL CHARGES – SAME DAY DELIVERY

On shipments requiring delivery the same calendar day as that of pick up charges will be 125% of the normal linehaul rate.

### ITEM 302 APPLICATION OF CERTAIN RATES

1. Rates, rules and commodity columns published in this guide apply for the account of carrier to the extent authorized.

2. Except as otherwise provided, volume or truckload rates apply only when a volume or truckload of freight is shipped from one point (or places within plant of one shipper) in one day by one shipper, on one bill of lading, for delivery to one consignee at one destination. When a volume or truckload rate is used, charges will be assessed at the volume or truckload minimum weight or actual weight, whichever is greater.

3. Except as otherwise provided, when a number of different articles for which rates are provided when in straight volume or truckload shipments, are shipped at one time by one consignor to one consignee at one destination on one bill of lading, each commodity will be charged for at its actual gross weight at the straight volume or truckload rate applicable to that article. The volume or truckload minimum weight will be the highest provided for any article in the mixed shipment and any deficit in minimum weight will be charged for at the highest volume or truckload rate applicable to any article in the mixed shipment.

4. If a lower charge results from the application of a specific volume or truckload mixture, then under the provisions of Paragraph 3, such lower charge will apply.

5. Subject to the provisions of Paragraphs 3 and 4, when the aggregate charge upon the entire shipment is made lower by considering the articles as if they were divided into two or more separate volume or truckload shipments, the shipment will be charged for accordingly.

NOTE A – The provisions of this item will also apply on volume or truckload shipments accorded stop-in transit privileges where such privileges are authorized.

### ITEM 305 CUSTOMER REQUESTED DEADHEAD

\$1.45 per mile from point of dispatch to the loading location will be charged.

### ITEM 310 FUEL SURCHARGE

Unless otherwise agreed to, the following fuel surcharge will apply between Carrier and shipper:

- (A) Carrier shall, upon receipt in writing of a proper claim in the manner and form described in these regulations, acknowledge the receipt of such claim in writing to the claimant within thirty (30) days after the date of its receipt by carrier unless carrier shall have paid or declined such a claim in writing within thirty (30) days of the receipt thereof. Carrier shall indicate in its acknowledgment to the claimant what, if any, additional documentary evidence or other pertinent information may be required by it to further process the claim as its preliminary examination of the claim, as filed, may have revealed.
- (B) Carrier shall, at the time each claim is received, create a separate file and assign thereto a specific unique claim file number and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim, including the written acknowledgment of receipt and, if in its possession, the shipping order and delivery receipt, if any, covering the shipment involved at the time such claim is received, carrier shall cause the date of receipt to be recorded on the face of the claim document, and the date of receipt shall also appear in carrier's written acknowledgment of receipt to the claimant.

  - (F) Claims filed for uncertain amounts. Whenever a claim is presented against carrier for an uncertain amount such as "\$100 more or less," carrier shall determine the condition of the shipment involved at the time of delivery by it, if it was delivered, and shall ascertain as nearly as possible the extent, if any, of the loss or damage for which it may be responsible. It shall not, however, voluntarily pay a claim under such circumstances unless and until a formal claim in writing for a specified or determinable amount of money shall have been filed in accordance with the provisions of subparagraph (D) above.
  - (G) Each claim filed against carrier in the manner prescribed herein shall be promptly and thoroughly investigated if investigation has not already been made prior to receipt of the claim. Unless perishable commodities are involved, the shipper or consignee in possession shall afford carrier five (5) days to inspect any damaged shipment prior to dispensation.
  - (H) Supporting documents. When a necessary part of any investigation, each claim shall be supported by the original bill of lading, evidence of the freight charges, if any, and either the original invoice containing invoice value, a photographic copy of the claim to be true and correct with respect to the property and value invoiced in the claim; or certification of prices or values, with trade or other discounts, allowances or deductions of any nature whatsoever and the terms thereof, or depreciation reflected thereon; provided, however, that where the property shows on the bill of lading or where the invoice does not show price or value, or where the property involved has not been sold, or where the property has been transferred at bookkeeping values only, carrier shall, before voluntarily paying a claim thereon, require the claimant to establish the destination value in the quantity shipped, transported, or involved and certify the correctness thereof in writing or show an alternative applicable value arising by reason of alternatively applicable contract terms.
  - (I) Verification of loss. A prerequisite to the voluntary payment by carrier of a claim for loss of an entire package or an entire shipments shall be the securing by it of a certified statement in writing from the consignee of the shipment involved that the property for which the claim is filed has not been received from any other source.
  - (J) Carrier shall pay, decline, or make a firm compromise settlement offer in writing to the claimant within one hundred twenty (120) days after receipt of the claim by carrier; provided, however that if the claim cannot be processed and disposed of within 120 days, after expiration of each succeeding sixty (60) day period while the claim remains pending, carrier shall advise the claimant in writing of the status of the claim and the reason for delay in making final disposition thereof and it shall retain a copy of each advice to the claimant in its claim file thereon. Any communication from Carrier that does not agree to pay the claim in full as submitted by the claimant shall be deemed a denial of the claim as submitted.

**ITEM 415**

**CLAIMS LOSS & DAMAGE – ACCEPTANCE OF GOODS**

The consignee must accept the goods upon delivery unless they are determined to be totally worthless.

---

**ITEM 420****CLAIMS LOSS & DAMAGE – CLEAR DELIVERY**

When the Consignee receives a shipment without noting loss or damage, this is a clear delivery. When damage is claimed after a clear delivery, such is referred to as concealed damage. Concealed damage shifts the burden of proof to the party asserting the claim to show that the damage occurred while the freight was in the possession of the Carrier.

---

**ITEM 425****CLAIMS LOSS & DAMAGE – SALVAGE**

- (A) Whenever property transported by carrier is damaged or alleged to be damaged and is, as a consequence thereof, not delivered or is rejected or refused upon tender thereof to the owner, consignee, or person entitled to receive such property, carrier, after giving due notice, wherever practicable to do so, to the owner and other parties that may have an interest therein, and unless advised to the contrary after giving such notice, shall undertake to sell or dispose of such property directly or by the employment of competent salvage agent. Carrier shall only dispose of the property in a manner that will fairly and equally protect the best interests of all persons having an interest thereon. Carrier shall make an itemized record sufficient to identify the property involved so as to be able to correlate it to the shipment or transportation involved, and claim, if any, filed thereon. Carrier shall also assign to each lot of such property a successive lot number and note that lot number on its record of shipment and claim, if any claim is filled thereon.
  - (B) Whenever disposition of salvage material of goods shall be made directly to an agent or employee of carrier or through a salvage agent or company in which carrier or one or more of its directors, officers, or managers has any interest, financial or otherwise, carrier's salvage records shall fully reflect the particulars of each such transaction or relationship, or both, as the case may be.
  - (C) Upon receipt of a shipment on which salvage has been processed in the manner herein before prescribed, carrier shall record on its claim file thereon the lot number assigned, the amount of money recovered, if any, from the disposition of such property, and the date of transmittal of such money to the person or persons lawfully entitled to receive the same.
  - (D) To the extent that the Shipper asserts that the goods should be destroyed, Carrier remains entitled to the salvage value the goods would have generated had the goods been salvaged instead of destroyed.
- 

**ITEM 430****DISPOSITION OF OVERAGE**

Consignee shall accept overages in fulfillment of its duty to mitigate damages. Overages will be returned to the consignee or shipper by carrier upon request in return for payment of carrier's applicable freight charges. In the event consignor and consignee decline to accept overages and mitigate damages, carrier shall treat any overage as salvage and after notice shall sell same in accordance with the bill of lading contract and the terms of this circular. The proceeds of any such sale less carrier's freight and storage charges shall be remitted to the person or persons lawfully entitled to receive same. Carrier shall not be liable for any difference between the sales price of overage and the destination market value where the shipper and consignee decline to mitigate damages.

---

**ITEM 435****INADVERTANCE CLAUSE**

If a shipper declares a value exceeding \$2.50, per pound per article or \$100,000.00, per truckload, without insertion of the corresponding specially assigned identification number (Item 400), the shipment will not be accepted, but if the shipment is inadvertently accepted, it will be considered as being released to a value of \$2.50 per pound per article or \$100,000.00 per truckload, whichever is less, and the shipment will move subject to such limitation of liability.

---

**ITEM 440****RELEASED VALUE DECLARATION**

Unless otherwise agreed to in writing, Carrier's cargo liability is limited to a maximum of (1) any limitation contained in any tariff, circular, bill of lading, or contract applicable to the shipment, (2) \$2.50 per pound, or (3) \$100,000 per trailer load, whichever is least. In the event weight is relevant to the determination, only the portion of the freight lost or damaged is to be considered in the calculations.

---

**ITEM 445****RELEASED VALUATION/USED GOODS**

Unless otherwise agreed in writing, all used goods are released to a maximum evaluation of \$.25 per pound per article. Any goods that are other than new are deemed used (e.g., refurbished, reconditioned, display or demonstration models).

---

**ITEM 450****RELEASED VALUATION/MEXICO AND CANADA**

The Carmack Amendment and the above provisions relating to domestic transportation will apply to shipments while within the physical borders of the United States and within the jurisdiction of the Secretary of Transportation. While a shipment is outside the borders of the United States, the Carmack Amendment shall not apply. Carrier shall have no liability for delay, loss or damage when it is not in physical possession of the freight. To the extent liability cannot be excluded completely, the released rates shall be as set forth below:

- a. Canada - Carrier's maximum liability will be the lesser of \$2.00 per pound per package or any limitation provided for by Canadian or provincial law for loss occurring in Canada.
- b. Mexico- Carrier's maximum liability will be the lesser of \$.10 per pound per package or any limitation provided for by Mexican federal or state law for loss occurring in Mexico.

Losses of uncertain location shall be presumed to occur outside the United States.

---

**ITEM 455****SEALED TRAILERS**

In the event Carrier takes possession of a sealed trailer, delivery of the trailer with seal in-tact (absent evidence of tampering with the trailer, doors, or hinges) conclusively defeats any claim of a shortage. Claims for an absent or missing seal may only be asserted by the Shipper if the Shipper has adequate procedures in place for verifying that the seal was in place when the trailer left origin and only when there is proof of actual damage to the goods, verified by testing or other procedures. Carrier shall have no liability for cargo loss, damage or shortage where any seal is removed by order of any law enforcement or governmental authority.

---

**ITEM 460****SHORTAGE**

Carrier will not be responsible for shortage on shipments that are banded, strapped, netted, shrink-wrapped or otherwise secured to bins, pallets, platforms or skids when such securing material is found to be intact at the time of unloading by consignee. Carrier will only be responsible for the number of bins, pallets, platforms or skids on such shipments.

---

**ITEM 465****SPECIAL, CONSEQUENTIAL AND PUNITIVE DAMAGES**

Carrier shall not be liable for special, incidental, indirect or consequential damages including without limitation, lost profits or business opportunity, or punitive and exemplary damages incurred or suffered by the Shipper as a result of shortage, damage or delay. Additionally, Carrier shall not be liable for attorney's fees of the Shipper.

---

**ITEM 470****SPOTTED EQUIPMENT**

Carrier responsibility for cargo begins when Carrier picks up a shipment from the Shipper's dock, or in the case of spotted equipment, when Carrier takes physical possession of the loaded trailer. Carrier's responsibility ends when the shipment is delivered or in the case of spotted equipment, when the loaded trailer is placed in the consignee's premises for its unloading convenience.

## **SECTION 5 – FREIGHT CHARGES**

### **ITEM 500**

#### **COLLECTION AND PAYMENT OF CHARGES**

Except as otherwise provided in this rule, transportation charges will be collected by carrier at the time shipments are delivered. Upon taking precautions deemed by carrier to be sufficient to assure payment of charges within the credit period herein specified, carrier shall make delivery of freight in advance of the payment of charges thereon and will extend credit in the amount of such charges to those who undertake to pay them **net thirty (30) days from date of the invoice** or as otherwise agreed to with shipper in writing from the presentation of the freight bill.

---

### **ITEM 520**

#### **INTEREST & FEES ON PAST DUE ACCOUNTS**

Carrier will assess one and one-half percent (1½%) per month on past due indebtedness for collection, handling, late fees and interest. In the event carrier deems it necessary to retain the services of legal counsel to collect any outstanding indebtedness, shipper shall pay attorney's fees and costs. Additionally, if carrier has afforded discounts to the payor of freight charges, carrier has the right to revoke all discounts and to collect the full, published rates when timely payment has not been made.

---

### **ITEM 530**

#### **INVOICES**

Carrier shall submit an invoice to the specified party in accordance with the requirements of Federal regulations governing regulated transportation. Carrier will retain delivery receipts and proofs of delivery which will be provided upon specific request in accordance with the provisions of this circular.

---

### **ITEM 540**

#### **JURISDICTION AND VENUE OF COLLECTION SUIT**

All action or proceedings instituted by Carrier for the collection of freight charges owed by the shipper, consignor, consignee or third party involved in the movement who has failed to pay such charges within 30 days of presentation of the freight bill, where the Carrier initiates a lawsuit, such suit shall be brought in a state or federal court of competent jurisdiction embracing Carrollton, Texas, or where the debtor resides (at the option of Carrier). The parties will not raise, and hereby waive, any defenses based on the venue, personal jurisdiction, inconvenience of forum, or sufficiency of service of process related to the place of bringing of the action.

---

### **ITEM 550**

#### **LIEN FOR FREIGHT CHARGES**

Carrier shall have a possessory lien on shipments in its dominion and control for the payment of current and past due freight charges. Shipper's goods will be held and sold pursuant to the Carrier Lien provisions of the Uniform Commercial Code. Carrier reserves the right to convert any shipment to a collect shipment.

---

### **ITEM 560**

#### **PAYMENT WITHOUT OFFSET**

Shipper, Consignor and/or Consignee, or its broker or agent, shall pay all freight charges when due without offset for any cause, including but not limited to, cargo claims. All claims for loss or damage shall be governed by this Tariff and shipper, consignor, or consignee shall not deprive Carrier of the claims process by unilateral deduction of claims from payment of freight charges due.

---

**ITEM 570****PRIORITY OF FREIGHT CHARGE OBLIGATION**

When arrangements are made with intermediaries for transportation services provided by carrier and the intermediary in turn bills the shipper or beneficial owner of the goods for freight charges inclusive of the carrier's rates, the following rules shall apply:

1. The intermediary will segregate money due owing to carrier from other accounts.
2. Intermediary will pay carrier without offset from funds received and shall not commingle, pledge, encumber or hypothecate funds received by it intended for payment of freight charges to carrier.
3. When the arranger of transportation is a carrier or freight forwarder, a constructive interline trust shall apply.
4. When the arranger of transportation is a property broker, the regulations set forth at 49 C.F.R §371 shall apply and monies received by the broker shall be segregated from its other assets and liabilities.
5. In no event shall accounts receivable pledge or encumber by any intermediary be inclusive of freight charges billed by it to the extent those freight charges are due and owing to carrier.

Carrier preserves recourse for payment of all freight charges to the consignor or shipper, unless Section 7 of the STBOL (see Item 100) is signed. When Section 7 of the STBOL is signed, Carrier reserves the right to collect freight charges from the consignee.

---

**ITEM 580****THIRD PARTY BILLING**

Carrier does not employ property brokers or other intermediaries as its agents for the solicitation of shipments or the collection of freight charges. Carrier will invoice the shipper's broker, bank or other agent for freight charges. Carrier reserves the right to bill and collect freight charges from the shipper or consignor on prepaid shipments or the consignee on collect shipments in the event full payment of freight charges is not received pursuant to third party billing.

A shipment in which charges are to be paid by a party other than the shipper, consignor, or consignee will be accepted provided recourse to the shipper or consignor is reserved with the carrier picking the shipments up at origin. The consignor and consignee guarantee to pay the charges if the third party fails to do so in the time allotted under the applicable credit regulations. Any such shipment will not be accepted if the consignor executes a non-recourse (Section 7) provision of the bill of lading. If such a shipment is inadvertently accepted, the execution of the non-recourse (Section 7) provision of the bill of lading shall be invalid, and the shipment shall be considered prepaid, with the shipper or consignor remaining liable for payment of freight charges.

---

**ITEM 580****UNDERCHARGE/OVERCHARGE CLAIMS**

Any claim for overcharges of freight bills must be submitted within 180 days of shipment date and must be submitted by the responsible party of the freight charges. Any claim for undercharges of freight bills must be submitted by the carrier to the payor of the freight charges within 180 days of the shipment date.

---

## SECTION 6 – INTERMODAL SHIPMENTS

- 

### ITEM 615

#### CLAIMS FOR OCEAN FREIGHT

1. Section 4 is amended for freight subject to an ocean bill of lading.
  2. Freight moving under an ocean bill of lading shall be governed under the Carriage of Goods by Seas Act.   3. The released rate on ocean freight is the least of any limitation contained in any applicable tariff, circular, or contract, \$500 per package, or actual loss.
  4. The number of packages shall be determined by the number stated on the bill of lading under the column designated "packages" or "pieces." If no number is designated, or if "1" is the number of packages or pieces, the container itself shall be the package.
- 

### ITEM 620

#### CUSTOMS – OCEAN FREIGHT

1. Line haul charges on shipments requiring United States Customs Clearance at a point other than the final destination, will be assessed on the basis of rates applicable from points of origin to the point of United States Customs Clearance and from the point of United States Customs Clearance to the final destination, subject to a minimum charge of \$100.00.

If containers are stored on carrier's yard for a period of more than 48 hours an additional charge of \$35.00 per day or fraction thereof will apply. These charges apply when container cannot be terminated at the port due to Shipper related causes, which include but are not limited to loading container before port can receive it, rolled bookings, verification, etc.

**ITEM 640**

**LOADING AND UNLOADING CONTAINER**

Except as otherwise provided herein, the complete loading and/or unloading service, as the case may be, of the shipment including the count hereof must be performed by the shipper or consignee at his expense, without any assistance from the carrier. When blocking or bracing is necessary to insure safe transportation, such blocking or bracing must be furnished and installed by and at the expense of the consignor.
2. The complete unloading service means that the consignee must remove the shipment from the position in which it is transported in or on the container or trailer. The consignee will be responsible for removal of all packing materials, dunnage, blocking, bracing, nails and excess product or waste, etc. or will be subject to a \$100.00 cleanout fee.

---

**ITEM 650**

**PER DIEM / DETENTION / DEMMURAGE**

Carrier will comply with all Equipment Interchange Agreements in accordance with UIIA provisions. However, all chassis/container use and per diem charges incurred will be assessed to customer to include an additional 10% administration fee or \$10.00 per box, whichever is more. All per diem charges will be assessed to customer at termination of equipment back to provider. The charges will be calculated based on free time agreement between customer and steamship line. If customer does not provide details of customer's free time agreement with steamship line then standard free time will apply based on the interchange agreement between the steamship line and carrier. Charges for per diem will be determined by either the interchange agreement between carrier and steamship line or customer agreement with steamship line. Interchange charges will apply in the absence of customer/steamship Line agreement.
